fax 434-972-4310

COVID-19 Data Resources

To view **total cases by locality and overall**:
- Visit the VDH Cases Dashboard
- Select "Blue Ridge District" from the "Geographic Sector" dropdown menu
- Select "All Reporting" from "Select Date Range" options

To view **case count over the past six months**:
- Visit the VDH Cases Dashboard
- Select "Blue Ridge District" from the "Geographic Sector" dropdown menu
- Select "Past 26 Weeks" from "Select Date Range" options
- Resulting data graph will show cases on a weekly basis

To view **wastewater surveillance data**:
- Visit the VDH Wastewater Surveillance Data Dashboard
- Select from the "Surveillance Trend", "Surveillance Percentiles", or "Surveillance Viral Load and Cases" tab options as applicable
- Note: BRHD falls into the Northwest geographical section

To view **total deaths by locality and overall**:
- Visit the VDH Cases Dashboard
- Select "Blue Ridge District" from the "Geographic Sector" dropdown menu
- Select "All Reporting" from "Select Date Range" options
- Select "Deaths by Date of Death" from "Select Measures" options

To view **cases, hospitalizations, and deaths by demographic**:
- Visit the VDH Demographics Dashboard
- Select "Blue Ridge" from "Health District" dropdown menu
- Select "Past 13 Weeks" "Past 26 Weeks" "Past 52 Weeks" or "All Reporting" tab from the available date range options as applicable
- Select "Cases", "Case Rate", "Deaths", "Death Rate", "Hospitalizations", or "Hospitalization Rate" from available data options as applicable
- Data will be represented through counts or rates rather than percentages

To view **summary of vaccination data (including by demographic)**:
- Visit the Virginia Respiratory Immunization Dashboard
- Select locality from "Locality Name" dropdown menu
