<i>Subject:</i> Manual Breast Pumps		<i>Policy:</i> BF 04.1
<i>Reference:</i> C.F.R. §246.2	<i>Effective:</i> January 6, 2025	<i>Supersedes:</i> August 12, 2013

I. Policy:

Manual breast pumps are provided after delivery to breastfeeding participants for short-term separation and/or for occasional use.

II. Procedure(s):

A. The breastfeeding coordinator / designee shall:

- 1) Assess and determine the participant's need for a manual breast pump.
- 2) Educate participant on pumping frequency to maintain milk production.
- 3) Provide information on the handling and storage of breast milk.
- 4) Instruct participant to discontinue the use of the pump if discomfort occurs.
- 5) Document follow-up within one week to participants who receive manual breast pump in the appropriate (per staff role) section of Crossroads.
